MASTER BRAND INTELLIGENCE: The Preach360 Sermon OS
Role: Central Source of Truth for Branding, Marketing, Product Logic, and Market Strategy.
Website: preach360.com / skool.com/preach360

1. BRAND ARCHITECTURE & IDENTITY

The Hierarchy

- **Master Brand / Website:** Preach360 (preach360.com)

The Product Funnel:

- **Top of Funnel (Acquisition):** The Preach360 Sermon OS
- *Hook:* "Is sermon prep taking all week?"
- *Action:* Start the 4-hour workflow today
- *Benefit:* You'll prep in less than half the time. Preach with twice the impact.
- *Proof:* Join pastors in over 20 countries on 6 continents using Preach360 to impact the nations with sermons that communicate the fullness of God's grace in Jesus.
- **Bottom of Funnel (Retention/Revenue):** Preach360 Basic Sermon Studio, Premium Upgrade, and Volume pricing options.
- *Hook:* "4 hours of deep work beats 12 hours of distracted prep every time."
- *Action:* Upgrade to access the full suite of specialized sermon prep apps, the complete Preach360 Video Training Library, and live weekly group coaching with Preach360 creator, McKay Caston.

Core Identity

- **Tagline:** "Prep in less than half the time. Preach with twice the impact."
- **Mission:** To help solo pastors easily craft gospel-rich sermons in an afternoon.
- **The "Enemy":** Sermon stress, mental pressure, and pastoral Burnout. The norm of spending 12 to 18 hours preparing a single sermon. Secondary enemies include wrestling with bloated, complicated Bible software, drowning in stacks of physical commentaries, and defaulting to soulless, generic AI.

2. STRATEGIC POSITIONING & VALUE PROPOSITION

The Core Value Proposition

- **The One-Liner:** "Preach360 guides you down a redemptive path from exegesis to a complete draft in 4 hours or less without using complicated Bible software or generic AI."
- **The "Why":** Pastors are facing a massive sustainability crisis, with 42% seriously considering leaving the ministry and 72% working 70+ hours per week. Preach360 returns over 10 hours of margin to your pastor's life every week for long-term ministry sustainability—a priceless wellness benefit.

The "Preach360 Mindset" Philosophy

- **Systematized Focus:** A repeatable sermon framework that gives pastors confidence in the process.
- **AI as an Assistant, Not a Replacement:** To combat theological guilt over AI, the platform acts as an assistant, not a replacement—a socratic preaching coach. The

philosophy is: "It doesn't do the work for you. It does the work with you," allowing the pastor to retain their unique, authentic voice and pastoral heart.

3. TARGET MARKET & AUDIENCE

Primary Segments

- **The Overwhelmed Solo Pastor (including bi-vocational pastors and church planters):** Pastors with years of experience who feel constantly behind on prep and desperately want a clear, sustainable process that gives them their weekends and family time back.
- **Burnout-Intervention Elder Boards:** Church leadership acting out of a critical need to retain their pastor to avoid the devastating $30,000–$100,000 cost of a pastoral transition.
- **Mid-to-Large Evangelical Congregations (250+ Attendees):** Financially resilient churches with the discretionary budget to invest in premium continuing education and sermon prep tools.
- **Seminaries & Church Planting Networks:** Fast-scaling organizations that need to quickly equip leaders with a reliable preaching operating system.

Competitor Analysis (The "Kill Sheet")

- **Competitors:** Logos Bible Software, Accordance, Sermonary, Pulpit AI, ChatGPT.
- **Where They Fail (Our Edge):**
    - **Bloated & Complicated:** Logos and Accordance require steep learning curves and significant financial investments, drowning pastors in too much data. Preach360 removes the need to wrestle with complicated software.
    - **Generic / No Soul:** Platforms like ChatGPT and Pulpit AI outsource the message to generic algorithms. Preach360 retains the pastor's authentic voice and pastoral heart.
    - **No Redemptive Framework:** Sermonary provides a drag-and-drop editor but lacks the deep, structured, four-hour ***theological*** process (PPGR) that Preach360 offers.

4. PRODUCT ECOSYSTEM & FEATURES

A. The Preach360 Roadmap (The 4-Hour Workflow)

- **Hour 1:** Generate the Exegesis Guide.
- **Hour 2:** Build the Relevance Bridge.
- **Hours 3 & 4:** Develop the Four Movements (PPGR).

B. Preach360 Product Messaging Pillars and Features

- Pillar 1: Sermon Prep Roadmap
    - Product features:
        - The 4-hour process: A sustainable, step-by-step workflow designed to take you from a blank page to a finished sermon without sacrificing your family or burning out.

        - The PPGR blueprint: A repeatable framework that structurally anchors every message in the clear redemptive progression of Principle, Problem, Gospel, and Response.
        - Roadmap progress tracker: A clear, step-by-step visual indicator that keeps your sermon prep moving forward, eliminating guesswork so you stay on pace.
        - Light and dark mode: An interface designed to reduce eye strain and fit your environment, whether you are working early in the morning or reviewing notes in the evening.
        - Podium mode: A distraction-free, easy-to-read presentation view designed specifically for the pulpit.
- Pillar 2: Theological Depth
    - Product features
        - Exegesis guide: A tool that helps you produce an in-depth exegetical analysis of the text from a redemptive framework.
        - The Relevance Bridge: The conextural connection between the original recipients and modern listeners that reveals the present day need for the text.
        - Expository mapping: A visual pathway that turns your exegetical study into a homiletical outline.
        - Outline mode: A workspace that condenses your full manuscript into a clear pulpit outline.
        - Worldview and Moral Framework Analysis: A diagnostic tool that helps you identify the cultural narratives and false saviors competing for your congregation's hearts, allowing you to effectively dismantle them with the truth of the gospel.
- Pillar 3: Optimization and Evaluation
    - Product features:
        - Adience optimization: A refinement tool to ensure your language and illustrations connect the grace of Jesus directly to the specific issues and struggles for the unique issues your congregation is facing.
        - Time/length optimization: Easily expand or shorten your manuscript to fit your allotted presentation time window.
        - Manuscript optimization: A final polishing step to enhance clarity, tighten wording, and clarify gospel focus for a confident, conversational delivery.

5. THE "SOUL" (THEOLOGICAL FRAMEWORKS)

Unique Differentiator: Unlike generic AI, Preach360 is built on a specific, gospel-centric homiletical framework.

- **Redemptive Focus:** The system is explicitly designed to help pastors prep and preach sermons that communicate the fullness of God's grace in Jesus in contrast to the competing cultural worldviews and moral frameworks of the listeners.
- **Privacy:** Sermon prep requires deep vulnerability. Preach360 operates behind a strict "Privacy Wall," assuring pastors drafts, notes, and prayers are protected from employer or elder board oversight.

6. REVENUE & PRICING MODEL

Preach360 Product Tiers

- **Basic Sermon Studio—$35/month per user per month (2 months free with annual plan):** The core sermon preparation operating system designed to fit standard pastoral continuing education budgets.
- **Premium Upgrade—$70/month per user (2 months free with annual):** Includes the complete video training library, the comprehensive Preach360 Video Course, the full suite of specialized sermon prep apps, and weekly live group coaching via Zoom with Preach360 creator, McKay Caston.
- **Volume Pricing (Networks/Denominations).** Those who purchase a basic or premium subscription may purchase additional seats at the volume price for staffs, church plainting networks, mission organizations, seminaries, etc. Volume pricing is $15/mo (billed annually) for the basic studio and $25/mo for premium.

7. BRAND VOICE & INSPIRATION

Tone

- **Empathetic but Direct:** Acknowledges the immense pressure and time deficit pastors face, but pushes them toward a disciplined, 4-hour framework that promises relief.
- **Gospel-Centered:** Constantly reinforces the ultimate goal: preaching Jesus, the cross, grace, and Spirit empowerment as the fuel for new life, not just as a fallback for failure.
- **Relieving & Structured:** "Preach360 provides the path. You trust the process."

8. TECHNICAL & UX NOTES

- **Platform:** Community and course delivery via Skool (skool.com/preach360), integrated with custom web-based apps for the Sermon Studio.
- **Visuals & UX:** Focused on deep work and eliminating distractions. The interface must not resemble a bloated academic dashboard (like traditional Bible software); it must be clean, linear, and step-by-step.
- **Data Security:** Absolute privacy for pastoral thoughts, drafts, and prayers.

9. WHAT IS PREACH360? (Methodology & Definition)

The Definition

Preach360 is a structured, 4-hour sermon preparation system that guides pastors down a redemptive path from raw exegesis to a complete draft in 4 hours or less. It replaces

fragmented, 12-hour preparation cycles with deep work, allowing solo pastors to reclaim their margins with a sustainable rhythm for life and ministry.

The Methodology
It is built upon the **PPGR Framework** (forming the Four Movements executed in Hours 3 and 4 of the workflow), ensuring that every sermon moves logically from the truth of the biblical text to the resistance of the flesh to the substitution of Jesus to the empowering grace of the Spirit, all without relying on complicated external software or generic AI tools.

The Old Way	The Preach360 Way
❌ **STRESS:** Constantly feeling behind, struggling to finish, and rewriting your sermon on Saturdays.	✅ **MARGIN:** You'll finish your message by noon on Wednesday—in hours, not days—with margin for ministry and and a real day off.
❌ **UNCERTAINTY:** Struggling with structure and forcing artificial outlines onto the text, never sure if the outline is right.	✅ **CONFIDENCE:** Rather than invent an artificial outline, you'll simply unfold the gospel organically from the text using the PPGR framework.
❌ **SILENCE:** Wishing for a spiritual response to your sermons, but usually just getting the familiar "See you next week, Pastor."	✅ **IMPACT:** You'll preach grace as fuel for new life, not just as a fallback for failure—and start to see people change from the inside out.

10. BRAND ASSETS

Color Scheme

Name	Hex	Usage Examples
Brand 50	#fff7ed	Chat empty state icon background, admin card hover fill, AI message bubble (light)
Brand 100	#ffedd5	AI avatar border (light), walkthrough step badge background, toolbar active button
Brand 200	#fed7aa	Anchor highlight (orange), walkthrough step focus ring
Brand 300	#fdba74	Footer action link hover, sign-in link hover
Brand 400	#fb923c	Streaming indicator dot, progress bar (dark mode), sidebar studio badge text
Brand 500	**#f97316**	**Primary buttons (Save, Send, Create), logo icon, hero CTA, progress bars, Clerk primary color**
Brand 600	#ea580c	Button hover states, save button default, support form submit, ambient glow on auth pages
Brand 700	#c2410c	Button active/pressed states, toolbar active text, suggested name hover text
Brand 800	#9a3412	Dark accent backgrounds
Brand 900	#7c2d12	Dark mode walkthrough badge background (at 50% opacity)

| Brand 950 | #431407 | Dark mode icon container backgrounds, streaming label pill background |

11. TESTIMONIALS

Testimonies

Rodney B

Prior to using Preach360, I spent over 20 hours developing a single sermon. My process was backward—I often got bogged down in commentaries before truly diving into the text itself. This inefficiency cost me my day off and created constant pressure. If a ministry event or pastoral need arose, I always felt behind.
To make matters worse, I was my own worst critic. As people left the service, I was often plagued by doubt, constantly wondering if the sermon made sense or if it had truly connected with them.
I knew I couldn't keep going with my current workflow—something had to change.
Now that I have been using this process for over a year, my sermon prep has transformed. Instead of starting with commentaries, I now dive straight into the biblical text. The framework's guiding questions help me uncover the main idea, identify our human struggle, show how Jesus is the answer, and explain how His Spirit empowers us to live in a new way.

Consequently, my prep time has been drastically reduced. Most weeks, I have a first draft done by Tuesday, leaving Thursday for editing and practice. This has freed me up for other ministry needs and allowed me to take a true day off without worrying about the sermon.
The impact hasn't just been on my schedule but on the listeners as well. I have received more comments about the sermons being helpful than in all my previous years of preaching combined. This system has streamlined my preparation and brought a clarity that the Spirit is using for His glory.

John G.

Preach360 has been a huge blessing. Sermon prep was basically occupying most if not all of my agenda. I now have a healthy rhythm for my family and the church.

Ross R.

By the way, I'm getting quicker at my prep time! And my feedback on my sermons since starting Preach360 has been my best yet!

Chrys

This exegetical guide is amazing. I love that it's sourced from trustworthy commentaries and tools. And I love the summary at the end. Wow!

Chris T.

Preach360 has been a game-changer for me.

I was chronically finishing my sermon early Sunday mornings, but now have it completed between Tuesday and Thursday every week.

You just don’t know what this tool has done to help me grow and progress. And I feel like I’m just getting started. I really look forward to both sermon prep and preaching more than ever.

"WORTH EVERY PENNY!'

"The exegesis tool has been HUGE... It sets up the passage better than any commentary work I've ever done! Really gets me into the text."

David H.

The focus and simplicity of PPGR have helped me preach Christ with a tangible connection to real spiritual struggles people are facing.

Scott N.

I have noticed an increase in members wanting to talk about the message and how it is hitting them. Not only on Sunday mornings, but throughout the week. They express a deeper conviction of sin and a greater appreciation of Grace. I am grateful for for finding this model, even at this late stage in my ministry. Soli Deo Gloria

Kelly C.

I can honestly say that for the first time in 18 years that I look forward to sermon prep.

David K.

Preach360 compels me to get to the root, heart issue more than anytime before in my preaching.

Eddie L.

I had someone in my congregation come up to me after my sermon this past Sunday with a lot of positive feedback about how transformative it was. One thing she said was how simple it was and I think the keyword made a huge difference! (Eddie Lim)

Erik R.

Just wanted to say how helpful your workshop last week. In the moment it was really helpful but it was even more so this week. Our church is starting "all-church" worship once every 6 weeks where the kids will be in the service for the whole time. At our staff meeting yesterday we decided the sermon would go from 35 minutes to 20 minutes. I've been using the PPGR method the last 6 months so I immediately pulled up my notes from last week's video workshop about your son giving a short talk to middle schoolers and it was so helpful. Thanks! (Erik Rome)

Mark A.

This will revolutionize the mission work in 10-40 window! Preaching with movements helps my Buddhist audience because it's like a story telling.

Nate B.

"Preach360 has revolutionized by life and ministry!"

Billy M.

The biggest struggle (before being set free by Preach 360) was the time it took to develop that outline. With the PPGR method of seeing this gospel DNA in the text

has made me feel like Edmond Dantes felt when he finally escaped the Chateau D'if.

Nate B.

The series was on finances and we really did a deep dive. 8 weeks to be exact. :) What was powerful was the way every sermon flowed to and through the gospel so clearly. In finances, which can be a sensitive topic, the WORST thing we can do is not get clearly to the cross and the substitution and leave people feeling guilty or stuck. PPGR allowed each of these sermons to clearly move people to Christ as our example and then Joy as our response. Without the PPGR model, I could have easily slipped into legalism, manipulation, or guilt. In a financial conversation, spanning eight weeks, our people were looking forward to each one, and left feeling empowered by the Spirit. That is what I didn't expect. I had stayed away from finances for a while, because I didn't know how to make sure it didn't look like we were stereotypically making a money grab. PPGR movements were crucial for ensuring this didn't happen and over the weeks I can honestly say the church has grown. Not just in knowledge, but even in numbers. This is not what I was expecting when I did a Giving series. :)

Testimony Outline:

The "Before" - What was the specific problem or frustration you were facing in your ministry before you joined this community?
The "Turning Point" - What was the key insight or a specific part of the ministry/framework that helped you overcome that challenge?
The "After" - What is the tangible result today? How has it practically changed your preaching, your confidence, or your well-being?

12. ABOUT THE CREATOR

McKay Caston is a pastor with over 30 years preaching experience. Having taught homiletics in seminary for ten years, he poured his PhD research into Preach360 to help solo pastors both preach the gospel clearly and experience relief from weekly sermon prep pressure so that they live a sustainable life for a long-term ministry.
